Glee Club Finishes Successful Season

Large Audience Hears Varsity Songsters in Missoula Saturday Night.

A packed house of more than 1,000 people enjoyed the concert given by the University Glee club Saturday night at the Liberty theater. The tone quality and harmony of the voices was well appreciated and the audience accorded the club unusual applause. The quartet composed of Arthur Driscoll, baritone; Ben Lowe, bass; RuSearle Kiff, first tenor, and Charles Roberts, second tenor, attracted particular attention, and was encored time and again. Missoula showed its appreciation of the concert in the size of the audience present, and the extent of the applause.

Throughout the entire program a strong and professional directorship made itself evident. Several songs were sung without accompaniment, and the club sang as one man, producing some fine effects in harmony.

DeLoss Smith sang two solos, "Bye Be Water if Minnetonka," and "Obtination." Repeated demands for an encore were only quieted by an explanation that a recent illness would not permit of a greater exertion. Mr. Smith's baritone voice and his pleasing personality make him a favorite with all audiences.

Russell Stark, singing "Could I," and "If Thou Wert Blind," contributed a pleasing addition to the earlier part of the program.

Varsity Quartet Scores Hit.

The Varsity quartet was generous with encores and among the songs were "I Ain't Got Nobody," "Unlucky Blues" and "Mr. Noah."

"April Eyes," sung by the Glee club, was perhaps the most pleasing number of the evening. The song was a study of softly shaded and blended tones and was most artistically rendered. "The Sary," by Nevin and "Absent," were strong numbers. Dudley Buck's Vocal Combat, combining "Then You'll Remember Me," from the Boemian Girl, sung by the tenors, with "Rocked in the Cradle of the Deep," sung by the basses, was one of the most difficult and trickiest numbers of the concert.

Miss Bernice Berry was doubly capable as accompanist and soloist. Her interpretation of Chopin, "Etude in A Flat Major," was most gratifying, and the eccentric Negro dance by Cyril Cott, was brilliantly executed.

Board of Examiners Announce Bond Sale

Announcement of the sale of \$550,000 of the state educational bond issue was made by the state board of examiners Saturday. The purchaser is the Palmer Bond and Mortgage company of Salt Lake City. This sale brings the total sales of such bonds to \$3,354,000. The total issue is \$5,000,000.

On the amount just sold the bid was 1/2 per cent interest with a premium of \$3,335. The previous bond sales were at 5 1/2 per cent. Seven firms bid for the last lot.

The sum accruing from the sale will be used to finish construction work at the University and the State College and to erect memorials at both places in honor of students killed in the war.

Convocation for Fire-Prevention

A special convocation will be held Thursday at 11 o'clock as a part of the observance of fire-prevention week which has been proclaimed by President Warren G. Harding and Governor Joseph M. Dixon.

The speakers who will address the students are Fred Morrell, lumber forester, and George Weisel, lumberman, who served in the forestry regiment in France. The forestry quartet will complete the program with several numbers.

The week from April 16 to 22 is to be observed as fire-prevention week. Saturday, April 22, is the fiftieth anniversary of Arbor day and programs have been arranged in schools all over the country in the interests of fire prevention. The special convocation will take the place of the Saturday program at the University.

Russell Niles to Play Title Role in The Piper

Part Is the Most Difficult One Which Has Ever Occurred in Any Masquer Production.

The title role of "The Piper," which will be staged at the Liberty theater by the Masquers, April 29, will be played by Russell Niles, who has appeared in University productions for the past two years. The part of the Piper is the longest and the most difficult role which has occurred in any of the plays put on by the Masquers, according to Alexander Dean, director. Mrs. A. W. Mills, instructor in English, is helping coach Mr. Niles in the part.

The part of Michael, the Sword Eater, will be played by Russell Stark, who appeared this year in "He, Who Gets Slapped." Harold Reynolds, who has been prominent in University dramatics for the past two years, and who will be remembered for his work in "Clarence," the Booth Tarkington comedy produced during the fall quarter, will take the part of Cheat, the Devil.

The cast is as follows:

The Piper	Russell Niles
Michael, the Sword Eater	Russell Stark
Cheat the Devil	Harold Reynolds
Jacobus	Olaf Bue
Kurt	Raymond Murphy
Peter	John Harvey
Hans	Robert Fuller
Axel	Ralph Christie
Martin	Milton Randolph
Armsel	Burt Teats
Old-Claus	James Harris
Town Crier	Francis Cooney
Veronika	Mary Blaisdell
Barbara	Ruth Winans
Wife of Hans	Pearl Mitchell
Wife of Axel	Mary Fleming
Wife of Martin	Jeannette Garver
Old Ursula	Margaret McKay
Jan	Dan Clapp
The Children	Julia Anderson, Audrey Burt, Dorothy Moore, Vera Ahlgren, Virginia Bartles, Lois Jones, Valentine Robinson, Eleanor Fergus, Helen Wood, Ella May Danaher, Cora Sellers, Edna Robinson.

One hundred and fifty school children from the public schools of the city will take part in the production. The scene is laid in Hamelin on the river Weser in the year 1284 A. D., and the four acts are in the market place of the town in sight of a hill and the crossways.

South Dakota Man Named Next Coach

J. W. Stewart Chosen to Fill Bierman's Position.

Has Won Five State Football Titles in Middle Western States.

J. W. Stewart will be the next coach of Montana athletic teams. Dr. Schreiber, head of the department of physical education, announced yesterday that Mr. Stewart was chosen from over 50 candidates.

The new coach is a graduate of a Pittsburgh, Pa., high school; Geneva College at Beaver Falls, Pa., and Pittsburgh University. Since his graduation from college, Mr. Stewart has taken special training in athletic work. He spent two summer sessions at the University of Illinois and one summer at the University of Iowa. He has been actively engaged as an athletic coach for the past ten years, for six years he coached Iowa and South Dakota high schools, and this is his fourth year at the University of South Dakota.

Good Record.

The records of the teams coached by Mr. Stewart are enviable. For two years his team at Cherokee, Iowa, won the state title in football. He then coached the Sioux City high school team and in three years won three state titles of Iowa and one year the tri-state championship of South Dakota, Iowa and Nebraska. While at Sioux City his basketball team won 95 per cent of all of its games. At Sioux Falls, South Dakota, Mr. Stewart was again successful and at that place he won the state football championship the first year he coached the high school. His ability as a high school track coach was well demonstrated when he won every meet the Sioux City, Iowa, team competed in for three years.

Formerly at S. D.

Four years ago Mr. Stewart accepted the position as head coach at South Dakota State University at Vermillion, S. D. In that time his teams have won two state football championships, three state basketball titles and have won every track meet with one exception, that against the powerful University of Nebraska track team.

During the time Mr. Stewart was in high school and college, he was a letter man in football, basketball and track. He was named all-state half back and all-state forward for Pennsylvania.

Chancellor Elliott, who is on a trip east, interviewed the new Grizzly coach in Minneapolis yesterday and immediately communicated with Dr. Schreiber that he was very favorably impressed with Mr. Stewart.

Art League Candy Sale Great Success

The Art league candy sale held yesterday in Main hall was very successful, according to Madge McRae, chairman of the sale committee. Home-made candy of all kinds made by the students of the art department, was put up in ten-cent sacks. About two hundred sacks of candy had been sold by 3 o'clock, when the sale ended.

Katherine Kiely and Ernest Broderick received the boxes of candy that were to be given to the persons receiving the lucky numbers.

The purpose of the sale was to raise money for the annual Art league trip to Medicine Springs.

Plan to Drop Inter-Frat Contests Fails

A movement to discontinue interfraternity athletic contests and to scrap all cups and banners was defeated by a four to three vote at last Tuesday's special meeting of the interfraternity council, it was learned today from one of the members of the council. The A. D. A., Iota Nu and Sigma Nu fraternities voted "aye" and the Sigma Chi, Phi Delta Theta, Sigma Phi Epsilon fraternities and Karnak club voted negatively.

Fraternity sentiment on the campus is very much divided on the question and supporters of both sides are numerous at each house. Faculty members, sorority girls and non-fraternity men and women also express varied opinions.

Exponents of the movement insist that it will tend to eliminate fraternity strife, that it will encourage class spirit and help the University as a whole by robbing the fraternities of the undue prominence enjoyed by them on the campus.

On the other hand, it is contended that these interfraternity contests serve to bring out varsity material, that they keep alive athletic interest and are productive of no harmful results either to the school or fraternities. In support of their contention they cite Doc Schreiber's written statement that he is anxious that they be continued.

Three-Day Conference Will Start April 27

Cherrington and Taylor to Speak on Industrial and Social Reconstruction.

Dr. Alva Taylor, for many years dean of the school of religion at the University of Missouri, and B. M. Cherrington, who spoke to the University students last fall, will conduct a series of conferences and forums at the University Thursday, Friday and Saturday, April 27, 28 and 29.

The conference will be patterned to a great extent on the conference on Life Ideals which was held last year. Both Dr. Taylor and Mr. Cherrington will speak to student gatherings and special conferences. They will also meet several groups of Missoula people.

The subjects to be discussed are the ethical issues involved in the industrial and social reconstruction of the day and the responsibility of the individual student in adjusting himself to changing conditions.

Mr. Cherrington spoke to convocation last fall on the condition of the European students. He also talked before several classes on the economic and social positions of European countries. He was a member of a party of Americans who went to Europe for the purpose of studying these conditions.

Dr. Taylor is an author, teacher, lecturer and writer. He was a member of the committee on the investigation of the steel strike and will speak of this strike while he is at the University. He has also made a careful study of the coal strike and has gathered some interesting data on this subject. In speaking of Dr. Taylor, Mr. Cherrington said, "Dr. Taylor is a man of extraordinary versatility and is very well informed along many lines."

A committee of four faculty members and eight students are outlining a detailed program of conferences and forums for both Dr. Taylor and Mr. Cherrington. The program will be announced next Friday.

Matt Pearce Wins Oratorical Contest

Kenneth Simmons Takes Second Prize, Russell Niles Is Third.

Matt Pearce won the first prize of \$45 in the annual Aber oratorical contest at convocation this morning with his essay on "Talking Points of the College." Kenneth Simmons, talking on "The Japanese Menace was second, and Russell Niles, giving "The New Russia," was third.

As winner of the contest, Matt Pearce will represent the University at the state contest to be held in Helena at a date to be announced later. The schools sending representatives to this contest are Montana Wesleyan, Mount St. Charles, Polytechnic Institute of Billings, and the State Agricultural college.

J. T. H. Ryman, a member of the local executive board and a personal friend of "Daddy" Aber, presided. He spoke a few minutes on the life of Professor Aber and urged the students to devote more time and attention to contests like the one established by him.

May 13, Mr. Pearce will represent the University at an interstate contest at Pullman, Washington, at which the following schools will compete: Washington State college, Whitman college, Gonzaga university, Pacific University, College of Puget Sound, Stanford university, Oregon Agricultural college, and the State University of Montana. This contest will be made a yearly affair and three prizes, \$75, \$40, and \$25 will be given.

Whether or not Pearce wins at Helena will not interfere with his representing Montana at the interstate contest, as they are entirely independent and unrelated.

Percy Spencer and Helen McGregor, the other two speakers in the contest, placed fourth and fifth respectively. Spencer talked on "Increasing Lawlessness," and the subject of Miss McGregor's speech was "History of Montana Names."

The judges were: C. W. Leaphart, dean of the school of law; William Wayne, a local attorney, and Miss Margaret Ronan of the Missoula high school.

Tug-of-War Will Be Held Saturday

The annual tug-of-war between the freshmen and sophomores, held, according to tradition on March 17 but this year postponed and postponed on account of the weather, will be staged Saturday at 2:30 at the Van Buren street slough.

Established in 1909 the custom has been one of the most strictly observed traditions of the University and determines whether or not the yearlings shall wear the green caps for the remainder of the school year.

Four of the senior "M" men have been delegated by Steve Sullivan, who is in charge of the pull, to act as judges, two stationed on the freshman side of the slough and two on the sophomore side.

The representatives of the freshman class are as follows: Axtell, Cahoon, Maudlin, Coleman, Weaver, Boehm, Dahlberg, Oeschli, Estey, Guthrie.

The sophomore heavyweights are: Sargent, Frazer, Murphy, Taylor, Plummer, Stark, O'Neill, McFadden, Kirkwood and Shaffer.

OUR GLEE CLUB.

Last week the State University glee club finished a very successful season with the home appearance Saturday night at the Liberty theatre. The fact that the house was "sold out" speaks for itself in the matter of interest shown by the students and townspeople in the club.

From the standpoint of real entertainment it would be hard to surpass the program given. Besides showing an unusual amount of natural talent, the weeks of hard, consistent training necessary to make the organization the finished product was evident.

The Varsity quartette was undoubtedly the feature of the program and is a credit to the institution they represent.

Much credit is also due to Director DeLoss Smith and not a little to Miss Berry, accompanist. Their efforts were vital factors in making the organization the success that it has been.

The Kaimin congratulates the glee club.

MAY FETE ORCHESTRA.

In last Friday's Kaimin there was a call for volunteers to compose an orchestra to play for the May Fete dances this year. This is a new departure from the past and in order to succeed, will have to be supported by the students, and especially those who can play musical instruments. Until a late hour yesterday no candidates had reported to those in charge of the music.

What is the matter with us? Whenever there is anything to be done which may consume a little of our time, we always make ourselves scarce. We often spend more time avoiding slight tasks than it would take to do them. It is always necessary to bring some outside force to bear on the student whenever he is requested to do anything that is not required by the curriculum and for which there is no appreciable reward.

Why is it that we will consent to do certain things, or refrain from doing certain things, such as wearing green caps, cutting the campus or fussing at athletic contests, only under the stress of physical punishment? Why is it that we do not pitch into an undertaking whole heartedly and finish it up in a happy mood? Take stock of yourself and your surroundings and find out. If we want to develop some real school spirit let's not just read this and say, "No, that's wrong," or "Yes, that's right," but think it over and let others know what you think. The Kaimin still runs a Communication column.

In the meantime, let's have a full-sized orchestra for the May Fete!

INTER-FRATERNITY ATHLETICS.

The movement instituted in the interfraternity council to abolish all inter-

fraternity athletic contests was defeated at the last meeting of the representatives of the different fraternities.

While there are good arguments on both sides of the question The Kaimin fails to see where the contests have, in any way, benefitted the school in the past. There is, and has been, a growing tendency on the part of the student members of fraternal organizations to place the school in the background whenever it conflicts with the fraternity. There has been and will be a tendency to create ill feeling between fraternities which can be traced directly to different athletic contests staged between fraternities.

It is generally known that ill feeling between fraternal organizations is responsible for practically all the politics within the State University. It has never been denied that politics within the school is hardly conducive to the co-operation necessary to make the school the best possible both from the athletic or academic standpoint. If, then, the rivalry arising from interfraternity contests is responsible for politics and politics is in turn responsible for its share of the ills that are generally admitted to exist on the campus, wherein is interfraternity athletics conducive to the well being of the State University?

NEWS FLASHES OF WORLD INTEREST

John McCormack, noted tenor, is in a serious condition as a result of a throat affliction.

More than 1,500 negroes were made homeless in Norfolk, Va., from a fire which swept through a suburb of that city.

An appropriation of \$17,000,000 has been authorized by congress for increasing the facilities of hospitals for disabled soldiers.

Daily airplane passenger service will be instituted between New York and Chicago soon, according to press dispatches from Chicago.

An Arkansas man, called the modern Rip Van Winkle because he slept for three years, died recently at Fort Smith. The cause of his record sleep is not known.

The opening discussions at the Genoa economic conference have centered about the Russian problem. Some of the leading nations have opposed the admission of the Russians.

Los Angeles women are going to oppose the showing of Arbuckle pictures.

More than 20 people were killed and a score or more injured when a tornado struck Illinois and Indiana yesterday.

A University of Idaho student ate 30 eggs for his Easter breakfast.

A new silver strike has been made in Alaska.

NOTICE.

Joint meeting of the Garden City and Grizzly chapters of the D. A. V. of W. W., will be held in the Legion hall tonight, at 7:30, to consider items of interest to the vocational men. All trainees urged to be present.

AL REES.

NOTICE.

Wanted—25 musicians to form orchestra for May fete. Meet chairman of music committee, Helen Wood, Wednesday, April 19, at 4 o'clock, in the auditorium.

EXCHANGE

Marshal Joffre promised autographed briar pipes to the six contestants who took part in the annual Joffre medal debate between Stanford and California Universities, which was held April 14.

A ruling was made recently by the faculty at Idaho University whereby Idaho's basketball schedule for next year cannot exceed twenty-two games for the season. This does not include the Christmas tour. This will make Idaho's 1922-23 basketball schedule much lighter than it was this year.

Women in most of the English Universities advocate separate colleges, stating that they would be better off if they had feminine institutions.

Health habits of the co-eds of Stanford University are being investigated by Dean Mary Yost, in order to learn the relation of the co-eds' ways of living to their academic efficiency.

The "I" club at the University of Idaho entertained the entire university April 14 with a smokeless smoker. Co-eds were allowed at the event, but cigars, cigarettes, etc., were not. The initiation of new "I" men took place at the smoker.

The 1922 collegiate baseball season will open at Whitman College on April 21, when Whitman plays Gonzaga University the first of a two-game series. The schedule of four baseball games and a track meet between Whitman and Gonzaga reopens athletic relations between these institutions, which have been severed for several years. The Whitman baseball schedule now includes a total of 24 collegiate games.

The annual "Fool's Frolic," an all-college mixer at Whitman college, was given in the gymnasium on April 15, under the supervision of the Women's league.

Preparations are now under way at the University of Idaho for the annual song and stunt festival which is held each year on the closing day of the interscholastic track meet, which takes place in May. Idaho usually selects one or more new songs each year from the original songs that are presented by each class.

The Whitman College Glee club completed its most successful season when it played at Pullman theater on April 17. Concerts were given this season in 24 cities in three states.

By a unanimous vote the university senate at the University of Minnesota recently adopted baseball as a major sport.

The Junior Prom was held recently at Washington State College. The frosh, excluded from the prom, furnished their own amusement in the form of a masked ball. The freshman dance on the evening of the prom has become almost as traditional at Washington State College as the prom itself.

Three Sarah Loretta Denny fellowships of \$500, and four Arthur A. Denny fellowships of \$500 each, were awarded at the University of Washington last week by the faculty committee.

The California crew and the Oregon baseball team will be guests of honor at the spring opera, the Sho-Gun, April 20, at the University of Washington. The California crew arrived in Seattle Sunday to practice for the annual regatta. The Oregon nine will open the conference season on campus day.

The Associated Students at Washington State College have decided that an official Parents' day be held on May 13. Special entertainment will be offered, and an opportunity will be given the parents to inspect the school.

The Grist

"The mills of the gods turn slowly, but they grind exceedingly fine."

Gob Sez:

This Aber day stuff is just the college word for house cleaning.

The One-Wheeled Bus.

Just a little bit indifferent as to what the weather brings,
Don't get ne'er a kick at all, when the sweet spring birdie sings.
Moonlight brings no thrill to me, nor the light and fleecy clouds,
Sunlight doesn't shine for me; all it does is shrouds.

Buds a-bursting on the trees, flowers may bloom on the lawns,
Happiness bubbling in the air, but sorrow only dawns.
Other years have brought me joys, and I've had my share of fun,
But along with all the joy stuff, my sorrows have begun.

They said that I could drive a truck, when we clean up Aber day,
And all the girls would ride with me, the job would be but play.
But trucks are pretty scarce they find, there's not one to be had
And I must push a wheelbarrow, do you wonder that I'm sad?

Is it really the weather that is holding up Aber day?

The May Feet may be graceful in May, but they are sure awkward in April.

It is funny but some girls imagine that to be a toe dancer all that is necessary is to discard the shoes.

We passed through the gym yesterday, and realized why it was that the people who manufacture arch supporters are millionaires.

Why have about fifteen men to blow brass horns, pound one bass and one snare drum as the R. O. T. C. straggle around the parade ground?

The rest of the instruments made a good glare in the sunlight.

The Royal Order of Kerosene Burners.
The bird with thin hair afflicted with blushing who attempts to remain indifferent through a razz.

Somebody always beats us to these guys who pack \$15,000 around in a belt.

Our Girl

She called our attention to what a catastrophe it would be to the May fete if the grass is wet.

But even a good man is liable to slip on the grass.

The gallery gods at the Glee club concert showered us with candy and a lot of things and we ain't even married.

Doc Jesse was seen to smile just prior to the opening of the concert.

He must have thought he was going to see a burlesque show.

Poor Doc.

NOTICE.

Mrs. Alice Mills will address the second meeting of the Eight Week club leaders this afternoon at 4 o'clock in the girls' rest room in Main hall, on Story Telling. All the girls of the University are invited to attend.

The Kansas Aggies have named their wild cat mascot, "Touchdown."

GOVERNMENT ASKS FOR SPECIMENS OF PLANTS

W. W. Stockberger, physiologist in charge of the drug and poison plant division of the Department of Agriculture at Washington, has requested of Dean C. E. Mollett of the school of pharmacy, some specimens of plants indigenous to Montana. Dean Mollett plans to co-operate with the national research workers through the use of the small garden connected with the pharmacy school.

Two specimens of drug producing plants have been forwarded to Mr. Stockberger. These are the yellow and the blue Montana aconites, the drug of which, while they are poisonous, are used in the treatment of fevers. The particular specimens were found in the Bitter Root valley and transplanted. Between forty and fifty varieties of drug and poisonous plants are now being grown in the pharmacy school garden. The tract is valued at more than \$1,000. Among the plants now being studied is one which produces a seed that gives an oil that may be substituted for linseed oil.

Co-ed Meet to be Held After May Day Fete

The girls' track meet will not be held this year until after the May fete and will probably take place the first week in June, if present plans for the event materialize.

The program will include the usual round of events with the exception of the basketball throw and the possible exception of two other events. A "hop-step-jump" contest will be substituted for the basketball throw. This event, though not well known here, is a rather prominent part of athletic contests in other universities. The record for the event established by women is 31 feet. The men's record is 50 feet.

DELTA PSI KAPPA HOLDS INITIATION

Delta Psi Kappa, national physical educational fraternity for women, initiated five pledges and three honorary members last week.

The honorary members are Miss Rhoda Baxter, director of women athletics, Mrs. W. E. Schreiber and Margaret Voyer. The new members are Eleanor Fergus, Doris Gaily, Helen Fitzgibbon, Rita Jahreiss, Audrey Burt.

VOCATIONAL MEN SENT OUT FOR PLACEMENT TRAINING

Seven vocational students have been sent out by the local Veterans' bureau to different parts of the United States for summer placement training.

Dale C. Grant and Ray Hassett have been sent to Trout Lake, Wis., to work for the State Conservation bureau.

Thomas Kennedy and Oscar Beckstrom have left for Ely, Minn., where they will do summer training for the U. S. forest service.

Harold Pierson and "Pop" Dostal are to work for the Minnesota Highway commission as surveyors.

Homer J. Raner has left for the Jocko agency to do summer training under the U. S. forestry service.

NOTICE.

The Methodist students are invited to the supper at the Methodist church tomorrow night as guests of the church. There will be a business meeting at which the organization of the Wesley club will be completed and the students will view the picture, "23½ Hours Leave." The Methodists have received personal invitations.

WENTY-NINE PLACE IN MEET SATURDAY

John Shaffer High Point Winner With 19½—Johnson Second—Plummer Third.

Despite almost winter weather, the voice track meet held Saturday afternoon on Dornblaser field was a decided success. About 75 men participated and twenty-nine won points in the meet. Coaches Bierman and Adams were very well pleased with the turnout.

John Shaffer, a sophomore, was high point winner of the meet, with 19½ points. Earl Johnson, a freshman, was second with 13, and Ted Plummer finished third, with 12 points. Shaffer's 132-foot discus heave, Rule's high jumping, and Blackburn's remarkable finish in the two-mile race, were some of the thrills offered those who braved the cold wind to watch the embryo athletes perform.

Duffy, who is training hard for a place on the relay team this year, had little trouble winning the quarter mile. Even the outside lane, he leaped into the lead at the first turn and finished a easy winner.

Pete Thompson crowded Buck Stowe in the hundred-yard dash and then went out and copped the 220 in good time. Thompson looks mighty promising.

Dennis Sullivan and George Axtell, holders of the state interscholastic records in the javelin throw and shot put, respectively, both won their events.

The following were the high point winners:

Shaffer—19½.
Johnson—13.
Plummer—12.

Thomson, Axtell, Garvin, Sullivan—

Reed—7.

Boehm, Rule—6.

Winners in each event are listed below:

100-yard dash, time, 11 seconds—Duffy, first; Thomson, Tanner, Rutherford.

220-yard dash, time 24:4—Thomson, first; Tanner, Rutherford.

440-yard dash, time, 55:3—Duffy, first; McCracken, Mitchell, Rooney.

880-yard run, time, 2:16:1—Reed, first; Boehm, Pierce, McCracken.

1 mile run, time, 5:4—Garvin, first; Axtell, Reed, Bruce.

Two-mile run, time, 11:46—Blackburn, first; Garvin, Parmalee, Brockway.

120-yard hurdles, time, 17:4—Johnson, first; Plummer.

220-yard hurdles, time 29 flat—Johnson, first; Sullivan, McDermond.

Pole vault, 9 ft. 6 in.—Shaffer, first; Johnson.

High jump, 5 ft. 5 in.—Rule, first; Shaffer; White and Ahern, tied for third.

Broad jump, 19 ft.—Shaffer, first; Plummer, Boehm, Rule.

Shot put, 38 ft. 10 in.—Axtell, first; Plummer, Elliott and Shaffer tied for third.

Discus throw, 132 ft. 3 in.—Shaffer, first; Maudlin, Axtell, Boehm.

Javelin throw, 142 ft. 6 in.—Sullivan, first; Plummer, Graham, Axtell.

SPRING FEVER

Spring fever is some disease, that hits along on southern breeze, it hits all to some degree, but hardest of all it hits on me. I'm very lazy I confess, I get too tired to even dress, would rather lie the whole day long, in bed, and hear the robin's song. No work craves, no labor wish, don't crave no journey after fish. Would rather rest, and sit in the sun, than see some foolish work begun. No honors crave no bors seek, until the weather's cold and bleak. For spring in here the fever hit, ambition moves me not a bit. Let's call off classes for a month, and for a sunny nook we'll hunt, and let the others rave and blat, while all's content beneath our hat.

SPORT SPARKS

Coach Bierman is spending most of his time developing a relay team from the track eligibles prior to the Washington Relay carnival. Everything points to a good mile team and a fair half mile team. Seven men have shown up well of which three are letter men and two represented Montana at the Relay carnival last year. Egan and Sullivan are showing well in the 440. Both ran an almost dead heat last Saturday in 53 seconds.

Eddy Closs is the most promising of the new men out this year and is almost assured of a position on the team. Closs is a powerful runner with plenty of drive and endurance but possibly a little too slow for the 220. His performance so far in practice virtually assures him of a position, providing a mile team is taken. At present, however, he is out of the running with a sore foot developed during the quarter mile jog last week.

The pentathlon has called three men, Plummer, Schaeffer and McGowan; the latter took fourth place for Montana at Seattle last year. Montana's prospects are particularly bright in this event.

McGowan looks the best of the three so far. He seems a little faster this year than last and in all probability will show improvement in both the discus and broad jump before the season ends. As yet he has not been able to get any distance in the javelin where Plummer seems to outclass his competitors.

Plummer is small and handicapped in the weight events. He will have to show remarkably well in both the 200-meter and the 1500-meter events in order to beat out McGowan or Schaeffer. Schaeffer has shown up well this year in the discus, heaving the sphere 133 feet last Saturday. He also won the broad jump that day with a leap of 19 feet. In the javelin he fell a little short, however.

In the sprints and distance Schaeffer is an unknown quantity, having been tied up with a sore leg and hence unable to show his ability.

Earl Duffy is also showing up well. Duffy is a junior and was a member of last year's squad. He has improved materially this year. Duffy stepped off with the quarter mile in the novice meet last Saturday, running the distance in 55:2 without being pushed.

Egan and Sullivan are virtually sure of a place on the team. For the other two positions Closs and Duffy show the most promise. Other contenders include Anderson, Fredericks and Porter.

Anderson is represented as a sprinter and better in the shorter distance. He represented Montana last year, being a member of last year's half mile team at Washington.

Fredericks is a former quarter miler and represented the Varsity in 1915 and 1916. Since then he has not been out for track and has been slow in rounding into shape.

Porter is young and inexperienced on the track but shows great promise for the future.

ALPHA PHI INITIATES.

Alpha Phi held initiation Friday night for the following girls: Magnhild Weber, Florence Jaqueth and Evelyn Lindley, Kalispell; Cathryn McRae, Miles City; Esther Johnson, Livingston; Mary Gayle Johnson, Malta; Leta Larse, Margaret Garber, Plains; Ruby James, Missoula; Charlotte Knowlton, Butte; Margaret Anderson, Evanston, Illinois.

The annual initiation banquet was held Saturday afternoon at 2 o'clock at the Tavern.

TALKING DELEGATES HAVE EIGHT TO ONE ODDS CLIMBING HILL

Feminism, that thousand-tenacled octopus, is slowly clutching the campus in its murderous grasp—so do the liberty-loving foresters opine to a man.

The sacred customs of the woodsmen have been violated and their secluded stronghold has been invaded by a powdered horde of women.

The trouble seems to hinge upon the class in woodcraft. When this new and instructive course was announced, the weaker sex flocked to it in such numbers that the proportion now stands about eight to one in favor of the talking delegates. Why so many girls should be interested in woodcraft is not known, but dark hints are being dropped around the forestry school that hikes are sort of a forbidden fruit to a number of co-eds, wherefore this class, to them, is as a life saver to a drowning person. But as we have said, this is mere hearsay. The statement that the male section of the class is composed of two gentlemen and four foresters, is vociferously denied by the embryo rangers.

The bottom of the trouble lies in the fact that smoking and the use of a number of highly descriptive terms have been banned in the woodcraft class. This is, of course, detrimental to the freedom of the foresters, who resent it keenly. Even Dean Skeels has given up the old briar which has kept mosquitoes and flies out of the building for the last 12 years, and has taken to wearing a white collar and pressing his trousers.

Worse yet, during the weekly excursions into the hills it frequently becomes necessary to build fires, both as part of the instruction and as a matter of personal comfort. Now, whereas each woman must build a fire of her own, and whereas courtesy makes its demands upon the males, some half dozen men inherit the privilege of

transporting wood for some half hundred young ladies, whereat there is great wailing and gnashing of teeth. So is the power of Man on the decline, while that of Woman swells to greater heights.

UNIVERSITY STUDENT DIES AFTER THREE WEEKS' ILLNESS

Miss Vera Stubbs, freshman at the University, died last Saturday morning at her home in Darby, following three weeks' illness resulting from an attack of influenza. Miss Stubbs was a student in the business administration school, and a resident of Craig hall, where she was well-known and well-liked.

Miss Inez Bozarth and Miss Lucille Chase of Craig hall and several girls who were friends of Miss Stubbs left yesterday morning for Darby to attend the funeral which was held in the afternoon.

FORESTERS TO LECTURE ON FIRE PROTECTION

In co-operation with the nation-wide fire prevention movement for which this week has been set aside, the faculty members of the forestry school are giving talks to the public school children and Boy Scouts on the need of preserving the forests by reason of the great importance of timber in the life of the nation.

It was their idea, Mr. Ramskill said, to make the child understand the need of care about forest fires, by showing that the greatness of this country lies largely in its timber resources. More than two-fifths of the forests have already been destroyed by fires and commerce, according to Mr. Ramskill, making it imperative that something be done to preserve the timber that is left. The children are shown how they can help by being careful with their campfires when out in the woods and by reporting fires and violations of the rules to the rangers.

KAPPA INITIATES.

Beta Phi chapter of Kappa Kappa Gamma announces the initiation of the following: Carolyn Barnes, Virginia Bartles, Gertrude Pease, Missoula; Mary Fleming, Florence Brandege, Maebelle Gunn, Helena; Anna Beckwith, St. Ignatius; Miriam Thompson, Billings; Judith Walker, Lewistown, and Doris Hedges, Saco.

The initiation was held Saturday afternoon at the chapter home on East Pine street.

ABER DAY POSTPONED BY OFFICIAL ORDER

"Warm Weather Is Necessary for Successful Day," Says
Mgr. Sullivan.

Aber day which was first set for April 12 and then postponed till April 19, has now been postponed indefinitely according to Manager Steve Sullivan.

This was decided yesterday morning after Manager Sullivan had been in conference with President Clapp concerning the advisability of having Aber day despite the unfavorable weather conditions.

"Warm weather to dry up the ground so that it will be possible to work on the campus is all that is needed," said Manager Sullivan yesterday. All plans have been completed and the lists of assignments to jobs were published in last Friday's issue of The Kaimin. Everything as now planned will be carried out on a date to be set within a short time.

The registrar's office is working on a plan for checking up on all students that day in order that no one will escape work. Those who do not appear on the campus and report to the person in charge of their crew, will be given cuts for their classes on that day. This ruling from the office will be published in Friday's Kaimin.

FORESTRY KAIMIN WILL BE OFF PRESS MAY 15

The Forestry Kaimin will be off the press on May 15, if no further delay results, according to Frank Hutchinson, who has the publication in charge. It will be issued in magazine form, being modeled after that of 1917 and will be sent to every forest service official in the country as a bulletin of the work being done at the University.

There have been several delays so far owing to the lack of enough advertising to make the publication a financial success, and Mr. Hutchinson said that it might be necessary to sell it on the campus. This will not be done unless absolutely necessary, however. The magazine will consist largely of illustrations and technical articles, but several pages will be devoted to student affairs. The illustrations will be the feature, the staff declares.

TRUSTEE ELECTION BE HELD NEXT MONDAY

The election of a trustee for the A. S. U. M. store will be held next Monday, April 24, in the Main hall, from 9 a. m. to 4 p. m. This election will be the second election held for a trustee, the other being contested because of not conforming with the state code governing corporation elections. No new candidates have entered the race so the former men will be on the ballot. The candidates are Robert Carson, Harry Rooney, and Duncan McDowell. Mr. E. R. Sanford has been nominated as the faculty representative.

It has been arranged that the Bear Paws will be in charge of this election and the polls will be open so all students will be able to vote.

NEW BOOMLA BOOMER IS TO WEILD BIG STICK IN BAND

Minar Shoebotham, a sophomore in the college of arts and sciences, succeeds to the position of base-drummer, which for the past three years has been filled by Alvin Olsen, who has withdrawn from school to enter the forest service. Shoebotham assumed his new duties for the first time at yesterday's R. O. T. C. battalion parade.

N-O-V-O

She Smokes, She Drinks,
She's a Flapper—She's
a Mean Job!

She's a mean job, that's Novo. Just like any other co-ed she was dragged on the campus and for many days has been ardently trying to register—some signs of life. It is hoped that she will be able to get an early start in the institution. No one seems to know where she came from or how long she is going to remain with us. Many expect that she will be on the campus for at least two quarters.

Novo is a "flapper." She smokes, becomes very dry, and is loud and boisterous. Nevertheless, she has many admirers, and they all hope that she will be able to get acquainted with the student body.

Rumors are that Novo is going to work her way through the University. This is very uncertain, however, but it is very certain that she is not a bit bashful about helping others lighten their work.

She's a mean job, that Novo—the building contractor's gas engine.

LEADERSHIP TRAINING COURSE HELD TONIGHT

The third of the series of sessions in the leadership training course, conducted by the University and business men interested in the Boy Scouts' programs, will be held tonight at the gymnasium.

The program for this evening's meeting will be as follows:

7:30—Glen W. Prather, Troop publicity.

8:00—Practice signaling, Mr. Hutchinson.

8:15—Explanation—service and tracking, Mr. Stillinger.

8:25—Discussion—Programs, Dr. Rider. Necessity, variety, length, preparation.

8:40—Practice—First aid, Dr. Schreiber.

8:55—Closing ceremony, Dr. Schreiber.

DAILY MARRIED, BEATS IT.

George Dally, a forestry student, has withdrawn from the University to take a ranger position in the Lolo national forest, under Ranger Hankinson. Dally recently returned from Chicago, where he married Miss Mary Rindesbacher, a former teacher in the Missoula county high school. He will be stationed at Quartz.

COMPANY D WINS.

Company D of the local R. O. T. C. unit, with Captain Frank Finch in command, won the company competition in the battalion parade on the drill grounds yesterday morning. Company B, under the command of Captain Omar White, was last week's winner.

AMES SPEAKS.

Professor Walter R. Ames spoke on "The Psychology of Childhood" at the meeting of the Paxson Parent-Teachers' association held last night at the Paxson school auditorium. Solos by Mrs. H. L. Davis completed the program.

SIGMA PHI EPSILON INITIATES.

Montana Alpha chapter of Sigma Phi Epsilon announces the initiation of Tom Rathmel of Columbus, Ohio; Forrest E. Bishop of Missoula; Claude G. Harpole of Winterset, Iowa; Edward Thorson of Valley City, N. Dak.; Theodore V. Buttrely of Havre, and Leslie J. O'Day of Merrill, Wis.; Fred Schilling, Missoula.

Charter Granted to Disabled Vets

The state constitution of the Disabled American Veterans of the World War, as adopted at Great Falls during the annual state convention held March 27-28, has been approved by the national executive committee and the charter for the state department granted. This word was contained in a telegram received by the local organization yesterday from the national headquarters in Cincinnati.

The officers elected at Great Falls are state commander, John Mahan, Missoula; vice commander, Al Griffiths, Missoula; sergeant-at-arms, T. Watson, Butte; treasurer, C. L. Sheridan, Helena; adjutant, Herbert L. Lange, Bozeman; historian, George Masters, Missoula, and chaplain, James R. VanHorn, Great Falls.

REPORTER STRUCK BY SPRING FEVER

Warm days, beautiful sunsets, yawning students, lazy clouds, robins return, spring is here. Poets, unlimber love messes, baseball starts, golf bugs crawl forth after winter's hibernation, track men display themselves to fair watchers. Freshmen wear green caps and looks, have meeting to appoint vigilantes, dirty politics start, instructors become impatient with continual howl for school spirit, spring is here. Hikes, wiener roasts, flowers, frat pins start yearly trips, winter firesides ruined, yellow slips forgotten, students begin to sleep under the trees, spring fever is here.

GIRLS' BASEBALL PRACTICE WILL BEGIN NEXT WEEK

Girls' baseball practice has been considerably delayed because of the bad weather. Many of the teams have been doing a little practice on "corner lots," but as yet there has been no organized practice. Supervised practice will probably be begun sometime next week as soon as a practice schedule can be arranged.

CLASS IN WOODCRAFT CLIMBS MT. SENTINEL

Dean Skeels' class in woodcraft had its first hike Saturday up Mount Sentinel. The class showed much enthusiasm in its work and from all reports heard on the campus, the men in the class will not lack dates for hiking trips after they have finished their course.

Saturday morning the class learned how to make fires in the open, where to choose the best spot for a camp in the forest and how to distinguish the various trees in the woods.

The next hiking trip the class makes the girls of the class are to teach the boys how to cook.
